

ENGINEERING CHANGE ORDER

Date: 30 September 2014

AQS
Attn: Gavin Zhao
gavinzhao@aqz-inc.com

Sutajio Ko-Usagi Pte LTD
bunnie@kosagi.com

ECO number: 0001 version: 1
Project: Novena
Subassembly: Novena main PCBA rev PVT2
Reference PO: PO-

Background

The routing of KEY_ROW1 is meant for front panel user button control on PVT2. However, the resistor strapping option on the PCB also gangs it with the audio muting functions.

Swap the strapping options to correct the issue

CHANGE ORDER DETAILS
